

Princeton Prospect Foundation
Date: January 19, 2015
Club: Cloister Inn
Vice President: Trip Henningson

Community Service:

- Our brand new community service chairs, Arianne Carpio and Jess Gregory, have inherited a vibrant tradition of community service based on key events including
 - Cloister Man Auction, our annual charity event.
 - Cloister Inn's participation in Princeton Truck Fest
- Additionally, our community service team is working to bring a new, large scale service event to the club in the spring term.

Club Improvements:

- The Cloister Inn hot tub continues to be maintained regularly and is now open to all members on a regular basis.
- We have improved the library and billiards room in order to make the club a more hospitable and enjoyable space for members and their guests.
- Additionally, we have begun a regular survey system to solicit more feedback.

Environmental Responsibility:

- We have continued our transition to reusable cups in the dining hall with plastic tumblers available and widely used at each meal.
- We are in the process of transitioning to compact fluorescent light bulbs.

Faculty / Alumni Invitations:

- Our Faculty Chair, Jamie Hamp, has continued to host regular faculty lunches. Just in the past month, we have hosted Robert Karl and Jamie Rankin.
- Alumni continue to be welcome at the club for special weekends. Of particular note was the attendance of Swimming Alumni during the swim team's 100th anniversary this fall.
